

When your Starter Kit Arrives...WOW! What a box full of goodies for just \$100! And the Tote Bags are gorgeous!!

You have 2 options with the totes: use as two totes and pack them individually or put the smaller, gray tote inside the big “kit bag” tote! Voila!

- Watch the Something Beautiful DVD on the top of the box.
- Put Miracles Happen book by your bed to read a little every night.
- Look over the “Start Earning Now” magazine.
- Start studying the Consultant’s Guide. Use highlighting pen and notebook to study like you are taking a test.
- Unwrap and open the Agenda. Start by putting all your family activities. Use the Week-at-a-Glance for this month and the Month-at-a-Glance for next month
- Look over the “Ready, Set, Sell!” to help you make a Store decision.
- Put your name, phone # and email on all your brochures. Add your website if you have already signed up. Just \$25 for your first year.
- Fill out the Generic Business Cards and consider ordering some on Intouch under MK Connections...opt for the Business Kit that runs about \$42 with name tag, literature stamp, labels and business cards.
- Remove the plastic off the mirrors and clean for your first appointment.
- Open the sampler bag to see all the goodies!
- Add pens and cotton-balls to your kit.
- Remove all the products from the boxes. These are your demos for your facials and parties. I like to use a light sharpie to write the foundation names on the lids to see them easier.
- Create Face Bags. Put in either the small MK bags, the Mesh bags in your kit or go to Dollar Store for pretty gift bags or even a Ziploc bag. Enclose the following:
 - Profile Card
 - Sales Ticket
 - Beauty Book
 - Pen
 - Clear Tray
 - Wash Cloth
 - Mascara Wand
 - Sponge Tip applicator

You are ready to start practicing on real faces!!

Who will be your first face model?
